

## Certificate of Experience

To Whom It May Concern:

This letter is to certify that Sunita Tamang has worked in our organization as Software Quality Tester from August 17th, 2021 to February 28th 2023.

She is a dedicated worker. She carried out all his obligations and responsibilities in a dignified manner. She is constantly ready for new challenges and has delivered well on the projects she has worked on. Sunita's contributions have moved our company forward.

Sincerely,

**Elyas Shaiwani**  
VP of Products

## Scope of Work:

### Duties and Responsibilities

- Verify that all product pieces and components are functioning and meet quality standards.
- Check that the product is compliant with requirements and design plans.
- Identify, isolate and track bugs throughout testing.
- Effectively document testing phases, identifying and recording defects, bugs, errors, and other associated issues.
- Develop detailed, comprehensive, and well-structured test plans and test cases
- Work with product managers and developers to identify and improve system requirements, supporting the team in implementing those changes as needed.
- Prioritize and plan testing activities
- Identify and report issues found, then verify that issues are resolved
- Stay current with industry trends in testing strategies.
